

Self Identify Prerequisite unit(s)

Your course has prerequisites which are part of the course entry requirements and can be found in the [Curtin Handbook](#). This example applies to the Master of Occupational Therapy applicants only:

You must self-identify unit you have or are in the process of completing which you consider to meet these specific unit prerequisite requirements.

Important note: Please ensure you only upload the unit outlines for all units entered in the list below with your application.

An example on how to complete this form.

Prerequisite: Studies in the Human Biosciences (e.g. Human Biology)	Grade Achieved
Human structure and function	HD

Studies in the Human Biosciences (e.g. Human Biology)	Grade Achieved
