Self Identify Prerequisite Form
Master of Speech Pathology (MG-SPPATH)

Your course has prerequisites which are part of the course entry requirements and can be found in the Curtin Handbook. This example applies to the Master of Speech Pathology applicants only:

1. Human Biology or Physiology

You must self-identify unit you have or are in the process of completing which you consider to meet these specific unit prerequisite requirements. **All prerequisites must be met to be considered for the course.**

IMPORTANT INFORMATION

Please provide Unit Outlines for all units you have self-identified on the template. These unit outlines must contain the syllabus, learning outcomes and assessment for each of the prerequisite unit(s), a list of topics studied or calendar, must have the logo of the University and be from the year and semester you completed the units.

Printouts from an Online Handbook are not accepted. The unit outline document name must contain the unit code.

EXAMPLE

Human Biology or Physiology	*Prerequisite unit code*	*University gained*	*Grade achieved (leave blank if unsure)*	*Percentage achieved*
Functional Anatomy	*HUMB1005*	*Curtin University*	*HD*	*86%*

SELF IDENTIFY FORM

Student Name:

Student ID Number:

Human biology or physiology	Prerequisite unit code	University gained	Grade achieved (leave blank if unsure)	Percentage achieved
